

Zeqi Wu

wuzeqi@ruc.edu.cn | www.zeqiwu.com

Education

Renmin University of China

Ph.D. in Statistics

Sept. 2023 – June 2028 (expected)

Xiamen University

B.S. in Statistics

Sept. 2019 – June 2023

Research Interests

Causal inference; semiparametric and nonparametric estimation and inference; policy evaluation and learning; network econometrics.

Peer-reviewed Publications

“Applications of Functional Dependence to Spatial Econometrics” (with Wen Jiang and Xingbai Xu), *Econometric Theory*, 41(5), 1044–1079, 2025.

Working Papers

“Data-Automated Policy Learning for Nonlinear Welfare” (with Chunrong Ai and Zheng Zhang), Working Paper, 2026.

“Limit Theorems for Network Data without Metric Structure” (with Wen Jiang, Yachen Wang, and Xingbai Xu), Working Paper, 2026.

“Integrating Heterogeneous Information in Randomized Experiments: A Unified Calibration Framework” (with Wei Ma and Zheng Zhang), Working Paper, 2026.

“A New and Efficient Debiased Estimation of General Treatment Models by Balanced Neural Networks Weighting” (with Wei Huang, Meilin Wang, and Zheng Zhang), Working Paper, 2025.

Honors & Awards

National Scholarship, Xiamen University

Dec. 2021

Skills

Languages: Mandarin (native), English

Programming: Python, R, MATLAB

Typesetting: $\text{\LaTeX}$, $\text{\LyX}$
